GRADUATE ENGINEERS X4 (3 X CIVIL & 1 X MECHANICAL)

Water PNG Limited (WPNGL) in association with the Asian Development Bank (ADB) is facilitating the Government's Water Supply Infrastructure under the Urban Water Supply and Sanitation Security Resilience Improvement Program (UWSSSRIP) and is urgently seeking to recruit 4x Graduate Engineers (3x Civil and 1x Mechanical) to assist the with WaterPNG in carrying out various tasks within the Project Management Unit (PMU).

The engagement will be for 6 months with the possibility to extend based on performance.

The responsibilities include but are not limited to the following;

- Assist the WPNG PMU to review and validate a list of potential subprojects for national water supply and sewerage infrastructure
- Assist the WPNG PMU in identifying the requirements for field surveys and carry out the required engineering investigations incorporating all necessary aspects for preliminary design.
- Assist in preparing preliminary engineering designs and specifications for maintenance, rehabilitation, and capital investment in the selected towns and cities.
- Support the preparation of cost estimates for subprojects and the overall project, conduct least-cost and full life cycle cost estimates, and recommend the optimal combinations of future capital and recurrent expenditures.
- Assist in formulating relevant procurement strategies and physical implementation schedules.
- Assist in the production of project documentation and procurement processes.
- Work collaboratively with team members to contribute to achieving the PMU targets.

Skills and Qualifications:

- Bachelor's Degree in Civil / Mechanical Engineering
- Nil to 2 years experience (Having graduated in 2023, 2022 or 2021)
