## Water Supply Disruption in Kokopo

Water PNG Limited would like to inform our valued clients in Kokopo that due to circumstances beyond our control, water supply to Kokopo township and outlying areas will be affected with *low water pressure or no water at all* for an indefinite period commencing today the **05th of August, 2025**.

Our dedicated team are working around the clock to bring operation to normalcy and will advise once water supply is restored. Consumers are advised to store water for use during the shutdown period and boil water after the supply is restored before using.

We sincerely apologise for any inconveniences that may be caused.
